Big Bird installation parts list: URL and price verification

Of the 40 product URLs checked, 37 are confirmed valid, 1 is dead (Etsy), and 2 items are out of stock. Several prices have shifted significantly from expectations—most notably the Adafruit jumper wires (**$7.95 vs. expected $3.95**) and SparkFun camera cable (**$6.00 vs. expected $1.50**). All Amazon URLs remain active, though exact prices could not be scraped due to Amazon's anti-bot protections; the expected prices there are likely close to current retail. Below is a full item-by-item breakdown organized by category.

Critical action items at a glance

The three items requiring immediate attention are the **dead Etsy listing**, the **out-of-stock Adafruit button**, and the **out-of-stock Walmart plush**. Four other items carry price or stock warnings worth noting before purchase.

- ❌ **Replace — Etsy Hasbro Softies Big Bird (#9):** Listing is gone. Search eBay for "Hasbro Softies 30 inch Big Bird 1980s"—expect **$45–$67 shipped**, up from the original $59.99.
- ❌ **Out of stock — Adafruit 100mm Red Button (#15):** Use Easyget 5V on Amazon ($8) as a direct substitute—better voltage match for Pi GPIO anyway.
- ❌ **Out of stock — Walmart Jay Franco Big Bird (#6):** Target has the identical product for $29. target
- ⚠️ **Price correction — Adafruit Jumper Wires #793:** Actual price is **$7.95**, not $3.95. Adafruit The ELEGOO 120-piece kit on Amazon (~$6.50) is cheaper for more wires. Altex
- ⚠️ **Price correction — SparkFun Camera Cable:** Actual price is **$6.00**, not $1.50. The Adafruit #5819 at $3.16 is the same cable type at half the price. sparkfun
- ⚠️ **Low stock — FosPower 1ft Audio Cable (#26):** Only 10 units remain. Amazon Order promptly or switch to CableCreation or YCS Basics.

- ⚠️ **Possibly backordered — KYLER Pine Box (#36):** Consider VIKOS ($9.50) as a reliable alternative. Amazon

All 26 Amazon links are confirmed active. Amazon's anti-scraping measures prevented exact price verification for most listings, but search metadata and third-party trackers suggest prices are generally within **±15%** of expectations.
